

# STRIMECH UNIVERSAL BALE HANDLER

Round Bales can be stacked vertically for optimum space usage in the barn or on the lorry or horizontally for outdoor storage.

Handles 2 round bales  
Handles 2/3 square bales  
Open measurement 1950 mm  
closed measurement 730 mm  
Lift Capacity 1200 kg  
Weight 390 kg

Constructed from heavy duty box section.

- 8 x curved tines
- 2 x straight tines

**NEW!**

The MB 616 Universal Bale Handler handles round and big square bales.

It will stack in the field or utilise barn space to a maximum and will equally load Lorries or trailers. There is no double handling to turn bales around. Major benefits being the tines are released totally before movement of the machine.

There is no risk to the strings on square bales all movement is from the side of the bale
